

Arabic for Beginners

Pre-Kindergarten

by Sheikh Muhammad S. Adly

Dear Teacher/Parent,

Book One is an introduction to the Arabic alphabet for the pre-kindergarten student who has no knowledge of the alphabet. Upon completion of this book, the student should be able to identify all of the letters of the alphabet. The series of questions (that follow the practice of several letters) should be read to the student, and the student should be able to orally answer the questions.

Insha Allah, Book Two will provide the students with writing practice, and recognizing and reading words.
